

27 November 1959

Brigadier General W. Platt

[Redacted]

STAT

Dear General Platt:

Please forgive my long delay in writing to you concerning your access to "Studies in Intelligence". I have been in Europe and have only now caught up with the deluge of papers that awaited my return.

We have arranged for you to see "Studies in Intelligence" [Redacted] You can call them direct and make arrangements to have a look at them. They will also probably ask you to sign the normal security agreement on the occasion of your first visit.

STAT

I hope that you will find the articles in "Studies" stimulating and useful in your own work.

Sincerely yours,

William A. Tidwell
